GETTING STARTED

The Community Development Financial Institutions Program (CDFI Program) and Native American CDFI Assistance Program (NACA Program) both provide Technical Assistance (TA) awards to Certified Community Development Financial Institutions (CDFIs) and Emerging CDFIs to build their financial capacity to lend to their communities. The NACA Program also provides TA awards to Sponsoring Entities to help them create a CDFI to serve their communities. CDFIs serve rural and urban low-income people and communities across the nation that lack adequate access to affordable Financial Products and Financial Services.

While both programs provide TA awards after a competitive application process, the NACA Program specifically targets awards to organization that primarily serve Native American, Alaska Native, and Native Hawaiian people and communities.

This guidance document provides Applicants with instructions and tips on how to respond to the narrative questions, data inputs, and required attachments for the CDFI Program and NACA Program TA Applications. This guidance is intended to be used in conjunction with additional Application materials, all of which are available on the CDFI Fund's website. The CDFI Fund may, upon request, provide the Applications, including the attachments and any supplemental information thereto, to an appropriate federal, state, tribal, local, international, or foreign law enforcement agency or other appropriate authority charged with investigating or prosecuting a violation or enforcing or implementing a law, rule, regulation, or order.

CDFI Program Application materials can be found on the CDFI Fund's website [here](#) and NACA Program Application materials can be found [here](#).

Capitalized terms not defined herein shall have the meaning specified in the applicable CDFI Program or NACA Program FY 2025 Notice of Funds Availability (together, NOFAs), the Authorizing Statute, the Regulations, this TA Guidance, the Application materials, or the Uniform Administrative Requirements (2 C.F.R. Part 200).

Note about the Awards Management Information System (AMIS): AMIS is the CDFI Fund's web-based system that all Applicants must use to create, complete, and submit required application documents. **This guidance document does not contain detailed instructions for entering application information into AMIS. For technical instructions on how to use AMIS, please refer to the [FY 2025 AMIS Training Manual for CDFI Program and NACA Program: TA Applicants](#) found in the Application materials on the CDFI Fund's website, linked [here](#) for the CDFI Program and linked [here](#) for the NACA Program.**

This document is a reference tool only, and Applicants must enter their responses to the narrative questions and data entry fields in AMIS. All attachments must also be attached in the AMIS Application.

Deciding How to Use a Technical Assistance Award

Applicants should start by reading the CDFI Program and/or NACA Program NOFAs to determine which program they are eligible to apply for and the dollar amount they may request for a Technical Assistance (TA) award.

CDFI Program and NACA Program TA awards are flexible tools that can help your organization expand its capacity to serve your community. It's helpful to have a clear idea of what your organization would like to use the TA award for before beginning the Application. As part of the Application, you will need to provide the CDFI Fund with a clear narrative on how your award will benefit your organization and your community. In addition, organizations that plan to use a TA award to become a Certified CDFI or to create a Certified CDFI¹ will need to describe their timeline and ability to achieve CDFI Certification as part of their Application.

Eligible and Ineligible Uses of TA Awards

If your organization receives a TA award, your organization will be restricted to using the award funds for **eligible activities**. The eligible activities are outlined in Table 4 in the CDFI Program and NACA Program NOFAs. In addition, there are several activities that are **prohibited** uses of a TA award; these activities are outlined in [Appendix D: Unallowable Use of TA](#) in this guidance. The CDFI Fund recommends that reviewing the eligible and ineligible activities carefully before starting a TA Application.

Technical Assistance Eligibility Categories

CDFI Program and NACA Program TA Applicants can apply under one of two categories:

- Emerging CDFI²
- Certified CDFI

These categories of applicants have different definitions and eligibility requirements. Applicants should review Tables 5 and 7 in the applicable NOFA for additional information.

Additionally, NACA TA Applicants must meet their own additional eligibility requirements, including the percentage of their activities targeted toward Native Communities. Within the NACA TA Program, there is a third eligibility category, Sponsoring Entities, that can apply for a NACA Program TA award in order to create a new CDFI.

How the TA Application is Organized

There are three major components to the TA Application:

1. The **Standard Form-424 (SF-424)** (*submitted through Grants.gov*). This form starts your organization's Application and contains important fields about your organization's tax and payment information.
2. The **Title VI Compliance Worksheet** (*submitted through AMIS*). The Title VI Compliance Worksheet is a CDFI Fund form and must be submitted by the applicable deadline in the NOFA.

¹ NACA Program Sponsoring Entities only.

² An Emerging CDFI is a non-Certified entity that demonstrates to the CDFI Fund in its Application that it has an acceptable plan to meet CDFI Certification requirements by the end of its Period of Performance, or another date that the CDFI Fund selects.

- The **TA Application** (*submitted through AMIS*). The TA Application will ask for information about your organization, such as your organization’s financial data; the Financial Products and Development Services you currently provide (if applicable); and your organization’s objectives for your TA award.

View the [Application Submission Requirements and Deadlines](#) section in this document for an outline of all the required Application components and documents.

Application Materials

Applicants are **strongly** encouraged to review all the TA Application materials on the CDFI Fund’s website. Applicants should read the applicable NOFA for eligibility, key deadlines, and other requirements for TA Applicants. The CDFI Fund may add Application materials to the website on a rolling basis, with some Application materials posted after the release date of the NOFAs and Applications.

Application Submission Requirements and Deadlines

The submission deadlines for the FY 2025 Application are published in the NOFAs and also available in the CDFI Program page and the Native Initiatives page of the CDFI Fund’s website. Table 1 summarizes the required Application components and documents. A complete Application must include submission of each relevant component and document as outlined in Table 1. Applicants can use the last column as a checklist to track completion of the required Application components and attachments.

Ensuring a Complete Application Package

A complete Application Package is one that includes all required materials listed in Table 1, including the specified attachments. If the Applicant fails to submit either the SF-424 Mandatory Form through Grants.gov, submit the Title VI Compliance Worksheet through AMIS, register their organization in AMIS, enter their EIN and UEI in AMIS, or submit the Technical Assistance Application through AMIS by the required deadlines, the CDFI Fund will not accept the Application.

GRANTS.GOV AND SAM.GOV: The SF-424 for the Application must be submitted and validated through Grants.gov before the rest of the Application may be submitted through AMIS. Applicants must first have an active System for Awards Management (SAM) account to submit the SF-424 via Grants.gov. Each Applicant is advised to first make sure its SAM account is active and valid before beginning its preparation of the other Application materials. The SAM website is: www.SAM.gov.

1. Please be advised that in order to register in SAM.gov, an Applicant must have a valid Employer Identification Number (EIN). **The CDFI Fund advises Applicants to allow sufficient time to obtain this information.** Additionally, when accessing SAM.gov, users will be asked to create a login.gov user account (if they don’t already have one). Going forward, users will use their login.gov username and password every time when logging into SAM.gov.
2. The Unique Entity Identifier (UEI), generated in SAM.gov, is the official identifier for doing business with the federal government. If an entity is registered in SAM.gov today, its UEI has already been

⁴ For any years where neither audited nor unaudited financial statements are available because the Applicant is newly formed and does not have financial history for the full historic period, an Applicant may submit a letter signed by an authorized representative stating that the organization was recently founded and does not have sufficient financial history to submit financial statements for the full three-year historic period. If audited financial statements are not available but unaudited financial statements are available for the Applicant’s three most recent historic fiscal years because a) the Applicant is or was too small to warrant the creation of audited financial statements and/or b) the Applicant is or was newly formed, the Applicant may submit unaudited financial statements along with a letter signed by an authorized representative stating that audited financial statements were not created for the applicable financial year(s). The letter should include detailed information about the size of the organization and/or the organization’s lack of financial history that led to the decision to not create audited financial statements.

assigned and is viewable in SAM.gov, including inactive registrations. New registrants will be assigned a UEI as part of their SAM registration. Applicants will be required to provide a valid UEI in AMIS (see Table 5).

3. All entities registered in SAM.gov must have an authorized entity administrator. SAM.gov requires that new registrants, and existing registrants that do not have an entity administrator, mail an original, signed notarized letter identifying the authorized entity administrator for the entity to the Federal Service Desk. Existing entities with registered entity administrators do not need to submit an annual notarized letter. It may take three weeks or more to register with SAM or reactivate a SAM registration, so Applicants should allow ample time to complete the entire registration and **submission process well in advance** of the SF-424 submission deadline.
4. A UEI and active SAM registration is required for Grants.gov submission. Applicants unable to submit their SF-424 via Grants.gov and have it validated by the deadline due to failure to obtain a UEI number and/or SAM registration confirmation **will not be allowed** to submit the SF-424 after the deadline has passed.

If the SF-424 is not successfully submitted to Grants.gov and validated by the deadline in Table 1 of the NOFA, the Applicant will not be able to submit materials in AMIS, and the Application will be deemed ineligible. Thus, Applicants are **strongly encouraged** to submit the SF-424 **as early as possible** in the Grants.gov system since submission problems may impact the timeline for SF-424 validation and the Applicant's ability to submit the overall Application.

If an Applicant has any questions related to the registration or submission process in Grants.gov or SAM.gov, it should contact these systems directly (see [Table 3 under Contacting the CDFI Fund, SAM.gov, and Grants.gov](#) in this document). **The CDFI Fund does not manage Grants.gov or SAM.gov and is unable to respond to any questions related to these systems.**

Note: The SF-424 must be successfully submitted and validated by the deadline in order to submit an AMIS Application. However, the SF-424 is only one part of the Application package. If an Applicant does not submit all the required materials in AMIS by the AMIS Application deadline, their TA Application will be deemed incomplete, and the Applicant will not be considered for a CDFI Program or NACA Program award.

TITLE VI COMPLIANCE WORKSHEET (AMIS): The Title VI Compliance Worksheet is a CDFI Fund form and must be submitted via AMIS by the deadline in Table 1 of the NOFA. Applicants must be compliant with federal civil rights requirements to be eligible to receive federal financial assistance from the CDFI Fund. This requirement also applies to Subsidiary Insured Depository Institutions that will carry out award activities on behalf of Depository Institution Holding Company Applicants. The CDFI Title VI Compliance Worksheet Training Manual and additional information regarding this requirement is available on the CDFI Fund website: [Title VI Compliance Worksheet Training Manual](#).

Please note that an Applicant's Title VI Compliance Worksheet must be for the calendar year in which your organization submits its Application. For the FY 2025 Funding Round, all Applications will be submitted in calendar year 2025. Therefore, all Applicants must use a 2025 Title VI Compliance Worksheet.

After the Title VI Compliance Worksheet is completed in AMIS, the Applicant must **then link** the Title VI Compliance Worksheet to its CDFI Program or NACA Program Application. Please see [Section 3: Applicant Level Information, Subsection M: Associated Title VI Worksheet](#) of this document for additional information on linking the Title VI Compliance Worksheet to your AMIS Application, including specific instructions for Depository Institution Holding Companies and their Subsidiary Insured Depository Institutions.

AWARDS MANAGEMENT INFORMATION SYSTEM (AMIS): Each Applicant must register as an organization in AMIS by the deadline in Table 1 of the NOFA. Applicants who fail to register as an organization in AMIS by the appropriate deadline will be deemed ineligible. Additional guidance on creating an AMIS account can be found on the AMIS Homepage: <https://amis.cdfifund.gov/s/AMISHome>. Each Applicant must enter their EIN and UEI in AMIS by the deadline in Table 1 of the NOFA. Applicants who fail to enter this information in AMIS by the appropriate deadline will be deemed ineligible.

Each Applicant must also submit the required Application materials through AMIS by the deadline in Table 1 of the NOFA. In order to submit the required Application materials, the Authorized Representative and Application point(s) of contact **must be included as “Contacts”** in the Applicant’s AMIS account. The Authorized Representative **must also be a “user” for the Applicant in AMIS** and must electronically sign the Application prior to submission through AMIS. An Applicant that fails to properly register and update its AMIS account may miss important communications from the CDFI Fund or fail to submit an Application successfully. For instructions, see [Defining Contacts as Authorized Representatives and Points of Contact](#) in this document.

Service Requests

A Service Request is the preferred way to contact the CDFI Fund about your Application. To submit a Service Request, you need an AMIS user account. Service Requests contain a “program” multi-pick list. For CDFI Program or NACA Program Application question, select “CDFI Program” or “NACA Program” for the program. For a CDFI

Certification question, select “Certification.” For a Compliance question, select “Compliance & Reporting.” For Information Technology, select “Technical Issues.” Failure to select the appropriate program for the Service Request could result in a delayed response to your question.

SAM.gov and Grants.gov

If an Applicant has any questions related to the registration or submission process in Grants.gov or SAM.gov, it should contact these systems directly. Contact information can be found on their websites. The CDFI Fund does not manage Grants.gov or SAM.gov and is unable to respond to any questions related to these systems.

GRANTS.GOV (SF-424 MANDATORY FORM) INSTRUCTIONS

In accordance with federal regulations, the CDFI Fund requires Applicants to submit the initial component of their FY 2025 CDFI Program or NACA Program Application using the [Grants.gov](https://www.grants.gov) system, the official website for federal grant information and applications. The Grants.gov registration process alone can take several days to complete. Contact the Grants.gov support staff if you have any questions about the process. The Grants.gov help desk can be reached at 1-800-518-4726 or via email at support@grants.gov. If you experience any technical difficulties submitting the Application via Grants.gov, contact the Grants.gov help desk directly.

The only component of the Application submitted via Grants.gov is the Standard Form (SF)-424 Mandatory Form. The SF-424 Mandatory Form (SF-424) is required for all Applicants.

Electronically signing and submitting the SF-424 Mandatory Form certifies that the information in an Applicant's CDFI Program or NACA Program Application is true, complete, and accurate, including the Application Assurances and Certifications, and also certifies that the Applicant will comply with the Assurances and Certifications, if selected for an Award is made (refer to **Forms, Assurances, and Certifications Guidance** on the CDFI Fund's website). Details for completing the SF-424 Mandatory Form are provided in this section.

Please note that after the SF-424 Mandatory Form is completed and validated, Applicants **must link** the validated SF-424 Mandatory form to their AMIS Application. See [Section 3: Applicant Level Information, Subsection J: Associated SF-424 Record](#) for additional information on linking the Grants.gov SF-424 Mandatory Form from Grants.gov to the AMIS Application.

Standard Form (SF)-424 Mandatory Form (Application for Federal Assistance) Instructions

The SF-424 Mandatory Form is located in the 'Mandatory Documents' box of the downloaded Grant Application Package in Grants.gov. To access the form, select 'SF- 424 Mandatory,' then select the 'Move Form to Complete' button. The SF- 424 Mandatory Form will move to the 'Mandatory Documents for Submission' box. Select the 'Open Form' button to open the form.

Use the Correct Grants.gov Funding Opportunity Number: There are different Grants.gov Funding Opportunity Numbers for the FY 2025 CDFI Program Application and the FY 2025 NACA Program Application. CDFI Program Applicants **must** submit the SF-424 under the CDFI Program Funding Opportunity Number of CDFI-2025-FATA. NACA Program Applicants **must** submit the SF-424 under the NACA Program Funding Opportunity Number of CDFI-2025-NACA. Applicants that submit an SF-424 under the wrong Opportunity Number **will be deemed ineligible** for award contention.

Match your UEI and EIN: An Applicant's AMIS record and Grants.gov record are linked by the Organizational UEI (Field 7.c) and Employer/Taxpayer Identification Number (Field 7.b). Please ensure these numbers match in both systems to ensure that AMIS will be able to retrieve the SF-424 from Grants.gov.

Please note: Only the fields highlighted in yellow on the form in Grants.gov are required for submission. These fields are also marked as “Required” in Table 4. The Instructions column in Table 4 provides guidance on how Applicants should complete their SF-424 Mandatory Form for submission through Grants.gov.

Grants.gov Submission Confirmation

Applicants will receive an email from Grants.gov immediately after submitting the SF-424 confirming that the submission was recorded in the Grants.gov system. This email will contain a tracking number for the submitted SF-424. **After the submission is processed, the Applicant will receive a second email indicating if the submitted SF-424 was either successfully validated or rejected with errors.** However, Applicants should not rely on the email notification from Grants.gov to confirm that their SF-424 was validated. Applicants are strongly encouraged to use the tracking number provided in the first email to closely monitor the status of their SF-424 by checking Grants.gov directly. The SF-424 will not be officially accepted by the CDFI Fund **until Grants.gov has validated the SF-424.** Please note that in the Grants.gov Workspace function, please note that the Application package has not been submitted if you have not received a tracking number.

Please Note: Per the NOFAs, the CDFI Fund will not extend the SF-424 Mandatory Form deadline for any Applicant. This includes Applicants that have started the Grants.gov registration process but did not complete it by the deadline in Table 1. The only exception to this will be in the case of a federal government administrative or technological error that directly resulted in a late submission or validation of the SF-424.

The SF-424 must be successfully submitted and validated in Grants.gov by the deadline in Table 1 of the NOFA. If the SF-424 is not accepted and validated by Grants.gov by the deadline, the CDFI Fund will not review any material submitted in AMIS, and the Application will be deemed ineligible.

Applicants are strongly encouraged to submit their SF-424 as early as possible in Grants.gov. Contact the Grants.gov support staff directly if you experience any technical difficulties and/or have any questions about the process or your submission. **Reminder:** The CDFI Fund **CANNOT** provide any help or guidance related to Grants.gov.

SETTING UP AN AMIS PROFILE AND LAUNCHING AN APPLICATION

Registering an Organization in AMIS

All CDFI Program and NACA Program Applicants must ensure that their organization is registered in AMIS by the deadline in Table 1 of the NOFA. Each Applicant must also enter their EIN and UEI in AMIS by the deadline in Table 1 of the NOFA. Please remember that **the Applicant organization registered in AMIS must be the same one that submitted the SF-424 through Grants.gov, and the EIN and UEI on the SF-424 must match the EIN and UEI in the organizational information in AMIS.** Organizations who have previously applied for CDFI Fund program awards through AMIS likely already meet this requirement but should verify that their information is accurate in AMIS prior to the deadline.

Instructions for registering an organization in AMIS and on how to navigate AMIS can be found in the “Getting Started – Navigating AMIS” Training Manual on the CDFI Fund’s AMIS Website:

<https://amis.cdfifund.gov/s/Training>.

Detailed instructions on how to launch and complete the TA Application in AMIS are provided in the FY 2025 **AMIS Training Manual for CDFI Program and NACA Program: TA Applicants**, found on the CDFI Fund’s website where Application materials are located, linked [here](#) for the CDFI Program and linked [here](#) for the NACA Program.

Please Note: Per the NOFAs, the CDFI Fund will not extend the AMIS registration deadline for any Applicant that did not register by the deadline in Table 1 of the NOFA. The only exception will be in the case of a federal government administrative or technological error that precluded an Applicant from registering in AMIS by the applicable deadline.

Updating an Organization Profile in AMIS

All Applicants must complete (or review and update, as necessary) their Organization Profile page before working on their Program Profile or launching an Application in AMIS. Information from the Organization Profile page will be used for the Applicant’s Program Profile and its Application while other information will be validated later in the submission process.

If your organization has not previously submitted an Application for a CDFI Fund program via AMIS or does not have an existing AMIS account, you must ensure that all necessary information is provided under the Organization Profile. Be sure to double check that the **bolded fields** marked with an asterisk (*) are accurate when entered into AMIS. Bolded fields with an asterisk indicate which fields populate at the Program Profile and Application level.

Note that the **Total Asset Size** field on the Organization Profile page must be updated by the Applicant. For Certified CDFIs applying for TA under the CDFI Program, AMIS will analyze this field to determine whether your organization is eligible to apply for TA.

All Applicants must manually update the Total Asset Size field with the dollar amount of their Total Assets.

- Use the Total Assets as of the date of the Applicant’s most recent historic fiscal year end (as defined in Table 12 of this document).

Total Assets as of the Most Recent Historic Fiscal Year End

Example: Pine Tree Mountain Loan Fund is a CDFI with a fiscal year end date of 12/31. It references Table 12 and sees that, for the purposes of this Application, it should treat FY 2024 as its “Current Year” and FY 2023 as its “Most Recent Historic Fiscal Year,” even though its FY 2024 audit is already complete when it begins its TA Application.

Pine Tree Mountain Loan Fund refers to its FY 2023 audit, which shows Total Assets of \$4,325,325 as of 12/31/2023. It enters this value on its AMIS Organizational Profile page prior to launching its Application.

Note on Financial Activities Start Date

Newer, uncertified organizations applying for TA may not have begun financing activities. AMIS is not configured to allow for a future prospective date to be entered in this field. Such organizations should enter the date of the NOFA release as a placeholder. When such organizations start financing activities, they should return to their AMIS Organization Profile to update the date.

Defining Contacts as Authorized Representatives and Points of Contact

There is a list of Contacts for each Organization in AMIS. Each Contact has a Profile associated with it. This Profile, which can be set to 'Admin User', 'User', or 'Viewer', determines the permissions assigned to the Contact. For example, any Contact that is a 'User' or 'Admin User' may create or update a CDFI Program and/or NACA Program Application.

Separate from the Contact Profile, each Contact may be assigned a Type. If assigned, the Type can be set to 'Authorized Representative' or 'Point of Contact.' An organization can have multiple Authorized Representative and Point of Contact records.

All Applicants must designate at least one Contact as an Authorized Representative. Please note that an Authorized Representative is an individual who has been authorized by his or her organization to sign an Application, and in doing so, certifies that the information in the Application is true, complete, and accurate on behalf of the organization. The Authorized Representative must be authorized to sign legal documents on behalf of the organization and bind the organization accordingly. **Please do not designate contacts that do not have the appropriate authority to sign an Application or other legal documents as Authorized Representatives (such as consultants).** Only Contacts designated as Authorized Representatives can sign an Application. A Contact with "Consultant" in their title cannot be an Authorized Representative. AMIS will not allow a Contact with a title of "Consultant" to be an Authorized Representative Contact type in AMIS.

The CDFI Fund recommends that an Applicant also designate at least one additional Contact, as a Point of Contact who is different from the Authorized Representative. Having multiple individuals associated with the Organization and Application in AMIS ensures the Applicant will receive communications and critical updates about its Application. Once an Application has been signed by an Authorized Representative, Contacts designated as either an Authorized Representative **or** a Point of Contact may submit an Application.

Table 6 – AMIS Contacts

Type	Required?	Recommended?	Can Sign an Application?	Can Submit an Application?
Authorized Representative	Yes	N/A	Yes	Yes
Point of Contact	No	Yes	No	Yes, once the Application is signed by an Authorized Representative

To designate a Contact as an Authorized Representative within the Organization Profile, navigate to the Organization Detail page, scroll down to the Contacts section, select the Edit link to the left of the Contact Name, then set the Type to “Authorized Representative.” To designate a Contact as a Point of Contact, follow these same steps, but set the Type field to “Point of Contact.”

If these fields are not complete or accurate before starting an Application, Applicants may receive error messages when trying to sign or submit the Application. Depending on the issue, Applicants may need to submit an AMIS Service Request to resolve it, which could delay Application submission.

Completing the Program Profile in AMIS

The CDFI-NACA Program Profile is automatically generated upon creation of an organization’s AMIS account. The CDFI-NACA Program Profile contains program-specific information and is where Applicants provide information on NACA Program Eligibility (if applicable) and/or create a new funding Application.

As with the Organization Profile, some information in the Program Profile automatically populate in the Application. All Applicants must complete (or review and update, as necessary) their CDFI-NACA Program Profile Information before starting an Application, paying special attention to the items highlighted in Table 7.

Completing NACA Eligibility in AMIS

This section should only be completed by prospective NACA Program Applicants. NACA Program Applicants must complete the NACA Eligibility section before creating an Application in AMIS. Failure to do so will result in a denial of access to all NACA Program Applications.

The NACA Eligibility section is used to determine if an Applicant is eligible to apply for an award under the NACA Program. Applicants should **first** refer to the FY 2025 NACA Program NOFA to review the definitions of the different Applicant types to determine the appropriate category. Certified CDFIs, Emerging CDFIs, and Sponsoring Entities are eligible to apply for TA awards under the NACA Program.

Note about NACA Eligibility Record Types: Applicants should be careful to select the correct record type. They will not be able to delete a NACA Eligibility record once it is created.

To complete the NACA Eligibility section, start by clicking the New NACA Eligibility button on the Program Profile page, and complete the data fields outlined in Table 8.

Applicants Applying under both CDFI Program and NACA Program

Please note that NACA Program Applicants that also intend to apply for a CDFI Program award must apply for the same award type (FA or TA) under both programs. Applicants should decide whether they intend to apply for FA or TA before launching either a NACA Program Application or a CDFI Program Application in AMIS.

STOP: If an Applicant hasn't completed all the steps outlined in the sections above, it must go back and finish them before starting the next section "Technical Assistance Application Instructions" which outlines how to create a new funding Application in AMIS. The information in the above sections is necessary to create and complete a TA Application!

TECHNICAL ASSISTANCE APPLICATION INSTRUCTIONS

AMIS Application Overview

The remainder of this document provides the question text and related guidance for the information that must be entered into the Application in AMIS.

In order to facilitate the crosswalk between the online AMIS Application and this question text/guidance document, here are a few tips:

- Prepare narrative responses to questions outside of AMIS. Once your narratives are finalized, you can copy and paste the final versions into the appropriate fields in AMIS.
- Verify that all information is accurate and complete prior to submitting the Application and required attachments through AMIS. Applicants will **not** be able to revise information entered into AMIS after Application submission.
- The TA Application in AMIS is organized by labeled/numbered sections and their respective subsections (for example, “Section 1: Application Instructions, Subsection A. Organizational Level Information”). For ease of reference, this document will reference the AMIS Application sections and their respective subsections when providing guidance and tips for entering your information in the Application. Please note that not all sections and/or subsections in AMIS will be visible to all TA Applicants. The contents of each section and their respective subsections are discussed below.

As part of the Application review process, information entered in AMIS will be used to score and rank the Applicants (as outlined in the FY 2025 NOFAs). Failure to provide complete and accurate information may negatively impact the evaluation of an Applicant’s FY 2025 Application. The CDFI Fund reserves the right to reject an Application if information submitted through AMIS is determined to be inaccurate.

The Application is organized in AMIS as follows. Keep in mind, many of the sections have subsections. Sections of the Application that are not applicable to the TA Application (i.e., sections specific to the FA Application only) are clearly labeled as such. You may also select the hyperlinks for quick navigation to each Application section.

[Section 9: Key Personnel](#)

[Section 10: Technical Assistance Narrative](#)

[Section 11: Compliance Evaluation Questions](#)

Sections 12-21: Not Applicable to TA

[Section 22: Attestation and Submission](#)

Each section contains fields where Applicants input requested information. Please note that some fields in the Application in AMIS will be automatically populated based on other data inputs. Please see the **FY 2025 AMIS Training Manual for CDFI Program and NACA Program: TA Applicants** for technical details on how to use and navigate AMIS.

Note about character limits in AMIS: Pay close attention to the character limits for each entry field in the Application in AMIS. The character limitations in AMIS include spaces, special characters, and punctuation, and are not always exactly the same as character counts in word processing applications. If you are using Word or similar software to initially organize your narrative responses, please ensure that your entire response is copied correctly into AMIS, as any characters beyond the AMIS limit count will be cut off from your response.

Section 1: Application Instructions

This section provides general instructions for completing the TA Application, as well as key dates and deadlines related to the TA Application.

Also refer to Table 1 in the NOFAs for a comprehensive list of critical deadlines for Applicants.

Section 2: Application Resources

This section provides a link to TA Application materials and resources available on the CDFI Fund’s website.

Section 3: Applicant Level Information

This section contains the following subsections:

Table 9 –Section 3 Applicant Level Information

Section 3 Subsection	Description	Notes/Guidance
A: Organization Level Information	Displays key information about the Applicant’s Organization Profile.	Applicants must attach their Organizational Chart in this subsection.
B: Native CDFI Designation	Applicants specify whether they are designated as a Native CDFI.	A Native American CDFI (Native CDFI) is one that Primarily Serves a Native Community. Primarily Serves is defined as 50% or more of an Applicant’s activities being directed to one or more Native Communities. Per the FY 2025 CDFI Program NOFA and the FY 2025 NACA Program NOFA, a Native Community is defined as Native American, Alaska Native, or Native Hawaiian populations or Native American areas defined as federally-designated reservations, Hawaiian homelands, Alaska Native Villages and U.S. Census Bureau-designated Tribal Statistical Areas.

Section 3 Subsection	Description	Notes/Guidance
C-D: Bank Holding Companies	Only applies to Bank Holding Company Applicants who intend to carry out the activities of an award through their Subsidiary Insured Depository Institutions.	<p>The Applicant should enter the name and EIN of the Subsidiary Insured Depository Institution that will carry out the activities of the award. The Subsidiary Insured Depository Institution's EIN cannot be the same as the Bank Holding Company EIN. (Please note that for DIHC Applicants, the EIN in the Applicant's SF-424 and AMIS profile should still be that of the Applicant Bank Holding Company, not the EIN of the Subsidiary Insured Depository Institution.) Applicants will also enter the mailing address, Regulator, and Regulator ID # of the Subsidiary Insured Depository Institution.</p> <p>Note: View additional guidance below.</p>
E: Applicant Contact Details	Applicants designate Application Points of Contact.	The Application Point of Contact will receive all communications from the CDFI Fund regarding this Application and if successful, the associated award. The CDFI Fund recommends designating at least two Points of Contact.
F: Applicant Verification	Auto-populated fields regarding the Applicant's program eligibility.	All fields in this subsection should be pre-populated based on information provided by the Applicant in its Organization Profile in AMIS. Applicants should verify information in the Organizational Profile prior to starting the Application in AMIS. If any information is incorrect, you must return to your Organization Profile in AMIS to edit it.
G: Applicant Verification (Confirm Regulator) – <i>Regulated Applicants Only</i>	Auto-populated fields regarding the Applicant's Regulator.	<p>All fields in this subsection should be pre-populated based on information provided by the Applicant in its Organization Profile in AMIS. Applicants should verify information in the Organizational Profile prior to starting the Application in AMIS. If any information is incorrect, Applicants must return to their Organization Profile in AMIS to edit it.</p> <p>Certified CDFIs applying for TA under the CDFI Program should ensure that their Total Asset Size field is correct. AMIS will analyze this field to determine whether your organization is eligible to apply for TA.</p>
H: Environmental Review Criteria	All Applicants to the CDFI Program or NACA Program must complete the Environmental Review Form and Assurances and Certifications as part of their AMIS online Application submission.	<p>This subsection contains questions regarding the CDFI Fund's environmental review requirements as set forth in 12 CFR part 1815 in order to assure compliance with those regulations and other requirements related to the environment.</p> <p>Review the Forms, Assurances, and Certifications Guidance document (found in the Application materials on the CDFI Fund's website) for instructions and guidance on completing the Environmental Review Form.</p> <p>If an Applicant is unable to respond "Yes" to all Assurances and Certifications, it must attach a statement that contains an explanation.</p>

Section 3 Subsection	Description	Notes/Guidance
I: 501(c)(4) Questionnaire	Only applicable to Applicants that have a Nonprofit-501(c)(4) designation from the IRS.	This questionnaire is necessary for the CDFI Fund to determine whether an Applicant with a 501(c)(4) designation from the IRS is eligible to receive an award from the CDFI Fund (see 2 U.S.C. 1601, et al.). A full list of instructions can be found in the Forms, Assurances, and Certifications Guidance (found in the Application materials on the CDFI Fund's website) for instructions on completing the 501(c)(4) Questionnaire as well as full question text.
J: Associated SF-424 Record	To attach the SF-424 Mandatory Form to the Application.	<p>After the SF-424 Mandatory Form is accepted in Grants.gov, a copy of the form will automatically be transferred into the Applicant's Organization Profile in AMIS. The Applicant must then link the SF-424 to its CDFI Program or NACA Program Application.</p> <p>Applicant's AMIS record and Grants.gov record are linked by the Organizational UEI (Field 7.c). Please ensure these numbers match in both systems to ensure that AMIS will be able to retrieve the SF-424 from Grants.gov.</p> <p>Applicants are strongly encouraged to link their SF-424 Form in the AMIS Application prior to proceeding with other sections of the Applications. For detailed instructions on how to do this, please refer to the AMIS Training Manual for CDFI Program and NACA Program: TA Applicants (found in the Application materials on the CDFI Fund's website).</p>
K. Not Applicable to TA		
L: Total Time to Complete Application (Estimate)	The total number of hours spent to complete the Application, including time spent gathering and compiling the information as well as entering it into AMIS.	<p>Please note that other activities carried out in the normal course of business and are only indirectly related to the completion of this Application (e.g., developing a business strategy or marketing plan, etc.) should not be included in this estimate.</p> <p>Applicants should complete this field once they are ready to submit their Application so the hours accurately reflect the time spent on the Application. This information helps the CDFI Fund understand the Application process and further refine the guidance materials.</p>
M: Associated Title VI Worksheet	To attach the required Title VI Compliance Worksheet to the Application	<p>The Title VI Compliance Worksheet is a CDFI Fund form and must be submitted via AMIS by the applicable deadline in the NOFA.</p> <p>For instructions on how to complete the Title VI Compliance Worksheet, the CDFI Fund Title VI Compliance Worksheet Training Manual can be found here: Title VI Compliance</p>

Section 3 Subsection	Description	Notes/Guidance
		<p>Worksheet Training Manual. Additionally, the CDFI Fund Title VI FAQ is available here.</p> <p>After the Title VI Compliance Worksheet is completed in the Applicant’s Organization Profile in AMIS, the Applicant must then link the Title VI Compliance Worksheet to its CDFI Program or NACA Program Application. For details, please refer to the instructions in the Application in AMIS (Section 3, Subsection M).</p> <p>Please note that the Title VI Worksheet you link here must be for the calendar year 2025.</p> <p>Important note for DIHC Applicants: Per the NOFA, the Subsidiary Insured Depository Institution through which the Applicant intends to carry out this award must also submit a Title VI Worksheet. Note, the Applicant will only be able to link the Title VI Compliance Worksheet for the DIHC Applicant to the CDFI Program or NACA Program Application. The Subsidiary Insured Depository Institution must create a Title VI Worksheet in AMIS for the calendar year 2025 by the deadline specified in the NOFA. Although the Subsidiary Insured Depository Institution’s worksheet cannot be attached directly to this Application, it is still an eligibility requirement and must be submitted in AMIS by the date specified in the NOFAs. After the submission deadline, the CDFI Fund will verify whether the Title VI Compliance Worksheet was submitted for the Subsidiary Insured Depository Institution as well.</p>

Additional Guidance on Bank Holding Companies: A Depository Institution Holding Company (DIHC) is defined as a Bank Holding Company or a Savings and Loan Holding Company. For the purposes of this Application, any DIHC should consider themselves a Bank Holding Company and follow instructions for Bank Holding Companies.

Section 4: Not Applicable to TA

Please proceed to the next section.

Section 5: Technical Assistance Request Details (TA)

This section contains the following subsections:

Table 10 – Section 5: Technical Assistance Request (TA)

For example, Applicants could request \$90,000, but not \$90,316.</p>

The first payment amount will determine the initial payment of TA award funds for Recipients. First payment amount must be greater than zero and in multiples of \$1,000.</p> <p>Note that the amount the Applicant enters is used to calculate a value in the relevant Performance Goal and Measure (PG&M), which states that the Applicant must spend 90% of its TA first payment amount on eligible activities by the end of the first year of the Period of Performance.</p>

Section 6: Application Financial Data

This section contains the following subsections:

The Management Letter may include suggestions for improving identified weaknesses and deficiencies and/or best practice suggestions for items that may not be deemed weaknesses or deficiencies. The Management Letter may also include items that are not required to be disclosed in the annual audited financial statements. The Management Letter is different than the auditor’s Opinion Letter, which is required by Generally Accepted Accounting Principles (GAAP). Management Letters are not required by GAAP and are sometimes provided by the auditor as a separate letter from the Audit itself. The Management Letter is NOT a letter from the Applicant to its auditor, nor is it an introductory letter from an auditor.</p>
D: Management Letter Attestation (Q2&Q3)	<p>Will display for Unregulated Applicants that select 1B or 1C in the previous subsection, C: <i>Management Letter Attestation</i>.</p>	<p><u>Audit Opinion and Findings</u>: Please read the two options and select the option that describes the Applicant from the drop-down box.</p> <p>2A. F: Application Financial Data	<p>Applicants will enter financial data for three most recent historic fiscal years, the current fiscal year, and three projected fiscal years. Applicants need to manually enter the numbers in the Application in AMIS.</p>	<p>The data entered should reflect the financial position of the Applicant, excluding Affiliates or Subsidiaries. In the case of Bank Holding Company Applicants that intend to carry out the activities of an award through their Subsidiary Insured Depository Institution, the Subsidiary Insured Depository Institution’s financial information should be used.</p> <p>Note: See Additional Guidance on Application Financial Data below for additional guidance on this subsection, including fiscal-year specific financial information and important notes. Applicants should also refer to the information in Appendix A: Application Financial Data Inputs for definitions and further guidance for completing the Application Financial Data section.</p>

Section 6 Subsection	Description	Notes/Guidance
G: NACA Investment Activities (NACA Applicants Only)	NACA Applicants must enter on-balance sheet loans closed in Native Communities for the three historic fiscal years, current fiscal year, and three projected fiscal years of financial data.	For NACA Program Applicants only.
H: Financial Data Certification	Applicants must certify that the financial data provided in the Application Financial Data section is complete and accurate before proceeding to the next section of the Application.	Your financial inputs in the Application Financial Data section will impact calculations made in subsequent sections of the Application. Omitting or modifying any of this data later may impact these calculations.

Additional Guidance on Application Financial Data

The following provides additional guidance on the Application Financial Data subsection. Applicants should also refer to [Appendix A: Application Financial Data Inputs](#) for definitions and further guidance for completing the Application Financial Data section.

Required Financial Information

Table 12 can be used as a guide in determining the financial information that is required based on the Applicant’s fiscal year end date.

Table 12 – Required Financial Information by Fiscal Year End

Fiscal Year End	Required Financial Information
<p style="text-align: center;">On or after 1/1 and prior to 9/30 or 9/30 (with final FY 2024 Audited Information)</p>	<ul style="list-style-type: none"> • FY 2022, FY 2023, and FY 2024 audited financial information entered as historic years. Thus FY 2024 is the “most recent historic year,” also called Historic Year 1 in AMIS. • FY 2025 financial information, as of December 31, 2024, entered as the current year. • FY 2026, FY 2027, and FY 2028 financial information as projected years.
<p style="text-align: center;">9/30 (without final FY 2024 Audited Information) or On or after 10/1 through 12/31</p>	<ul style="list-style-type: none"> • FY 2021, FY 2022, and FY 2023 audited financial information entered as historic years. Thus FY 2023 is the “most recent historic year,” also called Historic Year 1 in AMIS. • FY 2024 financial information, (as of September 30, 2024, for Applicants with 9/30 FYE and as of December 31, 2024, for Applicants with a FYE on or after 10/1), entered as the current year. • FY 2025, FY 2026, and FY 2027 financial information as projected years.

Note about Financial Statements for Historic Years and Current Year: If available, provide audited financial statements for your organization’s three most recent fiscal years and current year. If audited financial statements are unavailable, provide unaudited financial statements.

Note for Sponsoring Entities: If available, provide audited financial statements for the Sponsoring Entity organization’s three most recent fiscal years and current year. If audited financial statements are unavailable, provide unaudited financial statements. When entering the Application Financial Data Inputs in the Application, provide projected financial data for the to-be-created Emerging CDFI and enter zero (0) for the historic years and current year.

Note for Applicants without Three Years of Historic Financial Information: Applicants that do not have three full years of historical financial information should enter zero (0) for any field without data. Applicants will not be able to submit their Applications without the data fields for all seven years of Application Financial Data completed.

Note for Unregulated Applicants with Consolidated Financial Statements: Unregulated Applicants with consolidated financial statements should use the unconsolidated information of the Applicant that will expend and carry out the activities of the TA award when completing the Application Financial Data section. The data entered should reflect the financial position of the Applicant, excluding Affiliates or Subsidiaries.

Note for Regulated Applicants: Regulated Applicants should not use information from audited financial statements. Instead, Regulated Applicants should use information from their respective Call Reports to complete the historic year financial data records. See [Appendix A: Application Financial Data Inputs](#) for further guidance.

Note for Bank Holding Company Applicants: Bank Holding Company Applicants that *intend to carry out the activities of an award through their Subsidiary Insured Depository Institution* should use the financial information of the Subsidiary Insured Depository Institution when completing the Application Financial Data section.

Note about On-Balance Sheet Loans: Loans that an Applicant may have originated, but then sold or participated out (i.e., "sold but serviced") are not to be counted in the "total on-balance sheet loans." Only the amount of the Applicant's capital that is at risk is to be included in the On-Balance Sheet Loan entry.

Note about Loan Portfolio and Equity Investment Information: Loan portfolio and Equity Investment information should only include the Applicant's on-balance sheet activity and should only include TA eligible activities as defined in the NOFA. For example, Applicants should not include Individual Development Accounts (IDAs).

Section 7: Current Financial Products

In this section, Applicants will identify the type of Financial Products they provided as of their most recent historic fiscal year by line of business. The Applicant's most recent historic fiscal year should be the same year as the most recent historic fiscal year in the Applicant's financial data inputs in AMIS. This information helps the CDFI Fund understand the business model and types of access to credit and capital the Applicant is providing to the populations and communities it serves.

Financial Product Lines of Business
<ul style="list-style-type: none">• Commercial Real Estate• Small Business• Microenterprise• Community Facilities• Consumer Financial Products• Affordable Housing• Intermediary Lending to Non-Profits and CDFIs• Climate-Focused Financing• Other

For each line of business, Applicants should provide a description of the Financial Products offered within that line of business and the amount of the portfolio outstanding in that line of business as of the most recent historic fiscal year. Applicants should provide this information about as many lines of business as applicable to their organization. **There should only be one entry for each line of business.**

When completing the *Current Financial Products* information, Applicants should only input **on-balance sheet activity in their approved Target Market(s) and/or Eligible Markets**. Applicants that do not track activity levels by Eligible Market should include information in their approved Target Market(s) only.

For the field *Current Financial Product Type*, Applicants should select the lines of business for the Financial Product being entered. Applicants can use the definitions in [Appendix B: Technical Assistance Glossary of Terms](#) for guidance on lines of business. The definitions apply to the TA Application only and should be used to assist Applicants in understanding the terms used within the Application.

Entering Current Financial Product Types by Lines of Business

Example: East Coast CDFI's total portfolio outstanding in Eligible Market(s) and its approved Target Market as of its most recent historic fiscal year is \$4,560,000. The portfolio is made up of the following: \$1,000,000 in first mortgage affordable housing loans, \$200,000 in second mortgage affordable housing loans, \$2,000,000 in loans to childcare facilities, \$250,000 in loans to health care facilities, and \$1,110,000 in loans to small businesses.

When completing the *Current Financial Products* section of the Application, East Coast CDFI would enter information for three lines of business: Affordable Housing, Community Facilities, and Small Business. East Coast CDFI would enter \$1,200,000 under Affordable Housing, \$2,250,000 under Community Facilities, and \$1,110,000 under Small Business.

Section 8: Current Development Services

In this section, if applicable, Applicants will identify the types of Development Services they provided as of their most recent historic fiscal year by type of Development Service. This information helps the CDFI Fund understand each Applicant's business model and the technical assistance provided to improve access to credit and capital in the communities and populations the Applicant serves. Applicants should keep in mind that TA award funds may only be expended on eligible activities outlined in the applicable NOFA and cannot be used to provide direct development services to beneficiaries.

The most recent historic fiscal year should be the same year as the Applicant's most recent historic fiscal year in the Applicant's financial data inputs in AMIS. **There should only be one entry for each type of Development Service.**

**** Note:** Some financial education for youth under 18 years old does not fall under the definition of Development Services and thus is not eligible to support CDFI Certification. Financial education for youth means education designed to prepare youth to engage with the financial system. This includes accessing Financial Products when they are legally able to and accessing Financial Services offered by the Applicant or a third party. For more information on Development Services related to CDFI Certification, see the guidance materials on the [CDFI Certification page](#) on the CDFI Fund website.

Section 9: Key Personnel

In this section, Applicants will identify and discuss their key staff members, their board members, and any committees used by their CDFI.

If your CDFI has more than the maximum allowed key staff persons, board members, and/or committees, you should identify the key staff, board members, and committees that will be most critical to implementing your strategic goals and expending the requested TA award.

This section contains the following four subsections:

Table 13 – Key Personnel

Subsection	Maximum # Allowed	Notes/Guidance
A-B: Key Staff	Up to ten (10) Key Staff.	For each key staff person, Applicants should describe the key staff person’s capacity, skills, and experience as it relates to his or her role in implementing the Applicant’s strategic goals and expending the requested TA award. Applicants must also attach key staff resumes in this section.
C: Board Members	Up to seven (7) Board Members.	For each board member, Applicants should describe the accountability of the board member to the CDFI’s Target Market, the role of the board member, current source of accountability, and the expertise that the board member provides to the CDFI.
D: Committees	N/A	Select “Yes” if you have committees to enter. Select “No” if you do not have committees to enter.
E: Committees	Up to five (5) committees.	For each committee, Applicants should describe the committee’s purpose and how it relates to the performance of the CDFI. Note that this subsection will not appear if you select “No” in subsection D above.

Section 10: Technical Assistance Narratives

In this section of the Application, Applicants will provide responses to narrative questions for the TA Application.

The narrative responses are organized into two main parts:

- Part I: Statement of Certification Qualifications (Questions 1-6), required for uncertified TA Applicants **only**.
- Part II: Business Strategy (Questions 1-12), required for all TA Applicants.

Note: Applicants are required to enter their narrative responses in the text boxes provided in the TA Application in AMIS. Do not submit a Word document containing your narrative responses as an attachment to your TA Application, as it will not be reviewed by the CDFI Fund.

Part I: Demonstration of Certification Qualifications

When evaluating TA Applications for uncertified Applicants, the CDFI Fund is evaluating the Applicant’s ability to obtain and maintain Certification based on the CDFI Certification requirements. Therefore, uncertified Applicants are responsible for reviewing the CDFI Certification Application and related guidance materials carefully to ensure they understand the process and requirements for obtaining and maintaining the CDFI Certification prior to beginning the TA Application. For details about the [CDFI Certification](#) process, the CDFI Certification Application, and related guidance materials, please visit the [CDFI Certification page](#) on the CDFI Fund website.

Uncertified TA Applicants, consisting of Emerging CDFIs and Sponsoring Entities (NACA Program only), must provide responses to all Part I narrative questions. Uncertified TA Applicants must describe how they currently meet and/or intend to meet the CDFI Fund’s CDFI Certification requirements within the required timeframe. Note that Sponsoring Entities must describe how the Emerging CDFI to be created will meet the CDFI Fund’s CDFI Certification requirements.

The six required narrative responses in Part I address five of the seven CDFI Certification criteria. Specifically, Applicants will be evaluated on their plan to meet the following five of the seven required Certification criteria:

- Has a primary mission of promoting community development;
- Is a financing entity;
- Primarily serves one or more Target Markets;
- Maintains accountability to its defined Target Market; and
- Provides Development Services in conjunction with its financing activities.

However, as part of the CDFI Certification Application review process, the CDFI Fund will evaluate the Applicant’s ability to meet all the CDFI Certification criteria, including the Applicant’s status as a legal entity and non-governmental entity.

Note: Although the CDFI Fund will evaluate the Applicant’s plan for CDFI Certification as part of the overall TA Application review, the Applicant’s “Demonstration of Certification Qualifications” in the TA Application **does not replace** the requirement to complete and submit the CDFI Certification Application.

Timeframe: If selected to receive a CDFI Program TA or NACA Program TA award: Emerging CDFIs with no prior TA awards will be required to become Certified within three years; Emerging CDFIs with a prior TA award will be held to the date listed in its prior TA Award(s); and Sponsoring Entity Recipients will be required to create an Emerging CDFI that must be Certified within four years. Further details about the required timeline for achieving CDFI Certification will be outlined in each Recipient’s Assistance Agreement.

Table 14 – TA Applicant Type CDFI Certification Timelines

TA Applicant Type	Create New Entity	Submit CDFI Certification Application to CDFI Fund	Achieve CDFI Certification
Emerging CDFIs with no prior TA Awards	N/A; the organization that receives the TA award must become the Certified CDFI	By end of Year 2 of Period of Performance	By end of Year 3 of Period of Performance
Emerging CDFIs with prior TA Award(s)	N/A; the organization that receives the TA award must become the Certified CDFI	By the date listed in its prior TA Award(s)	By the date listed in its prior TA Award(s)
Sponsoring Entities (NACA Program only)	By end of Year 1 of Period of Performance	By end of Year 3 of Period of Performance	By end of Year 4 of Period of Performance

Part I Narrative Questions

Part I is mandatory for Emerging CDFIs and Sponsoring Entities. Certified CDFIs will skip this section and proceed directly to Part II.

Note for NACA Program Sponsoring Entity Applicants: Specific tips for Sponsoring Entities, when applicable, are provided for each narrative question.

Note for Emerging CDFI Applicants: Unless the Applicant is applying as a NACA Program Sponsoring Entity, **do not** follow the guidance specifically marked for Sponsoring Entities. Because Sponsoring Entities are unique organizations that must create a separate legal entity that will become an Emerging CDFI, the manner in which the Sponsoring Entity answers each question will likely be different from other Applicant types.

Part II: Business Strategy

Part II is mandatory for all TA Applicants.

Note for Emerging CDFI and Certified CDFI Applicants: Unless the Applicant is applying as a NACA Program Sponsoring Entity, **do not** follow the guidance specifically marked for Sponsoring Entities. Responding to the Business Strategy Narrative Questions

Responses to the business strategy section must address strategic goals, management capacity, financial viability, partnerships, and risk mitigation strategies. TA Applicants must provide responses to the Part II narrative questions required for the Applicant's respective Applicant type as noted in Table 16.

Section 11: Compliance Evaluation Questions

This section contains questions that are used to calculate an Applicant's Total Compliance Composite Score.

In order to ensure Applicants do not have major internal management or compliance deficiencies, the CDFI Fund will conduct a compliance risk evaluation for all Applicants. Please see [Appendix C: Compliance Evaluation Questions](#) for the specific questions and additional information.

Sections 12-21: Not Applicable to TA

Please proceed to the next section.

Section 22: Attestation and Submission

STOP: Before you submit your Application, the CDFI Fund recommends that you closely review your Application. Make sure that the Application is complete, all the narrative and table information has been entered, and that all required attachments have been uploaded and attached to the Application. **Once submitted, the Application will be locked, and responses cannot be altered.**

Each Application must be signed by a designated Authorized Representative in AMIS before it can be submitted. Applicants must ensure that an Authorized Representative is an employee or officer of the Applicant and is authorized to sign legal documents on behalf of the organization and bind the organization accordingly.

Consultants working on behalf of the organization cannot be designated as Authorized Representatives and may not sign the Application.

An Authorized Representative signs the Application by checking the box located in section 22. The Authorized Representative must be logged in to AMIS to complete this action. Please read the attestation before signing the Application. The name of the Authorized Representative who signs the Application and the date and time they signed the Application will automatically appear after the signature attestation box is checked. **Please note that an Authorized Representative can sign the Application at any time prior to submitting the Application. Signing the Application does not submit the Application.**

Note about Submission: Only a designated Authorized Representative or Application Point of Contact, as designated in the Application, may submit the Application in AMIS. Be aware of the difference between these two roles: only the Authorized Representative may **sign** the Application, and either the Authorized Representative or Application Points of Contact may **submit** the Application.

APPENDIX A: APPLICATION FINANCIAL DATA INPUTS

Overview

The following Appendix provides a list of all required Application Financial Data input fields organized by Institution Type: (i) Unregulated Applicants, (ii) Credit Union Applicants, (iii) Bank and Bank Holding Company Applicants, and (iv) Cooperativa Applicants. For convenience, the CDFI Fund has also provided a blank Excel workbook entitled “Application Financial Data Inputs Workbook” that can be used by Applicants to gather all required Application Financial Data offline before entering it into AMIS.

Note that each Application Financial Data input field is required in AMIS, and you will not be able complete the Application Financial Data subsection until all fields are populated with a numeric value greater than or equal to zero (“ ≥ 0 ”).

Note: For any item that is listed where your organization has no data, you must enter the number zero (“0”). AMIS will return a red error message if the required response to a field is not provided.

All numbers related to an Applicant’s equity and loan portfolios must be entered as a positive whole integer, greater or equal to zero (“ ≥ 0 ”). This includes the line item for “Allowance for Loan and Lease Losses” (ALLL) listed under the “Assets” grouping on the Application Financial Data Input page. Auditors commonly express ALLL as a contra asset and present it as a negative number on audited financial statements. In such instances, where ALLL is a negative number on an Applicant’s financial statements, the Applicant must convert this number to its absolute value (a positive number) and enter this positive number in the Application Financial Data inputs subsection for the ALLL line item.

In instances other than line items related to the Applicant’s equity and loan portfolios where the Applicant has a negative value expressed on its Audit or internal financial statements, Applicants are to enter a zero (“0”) on the corresponding line item on the Application Financial Data inputs page. Applicants who need to enter a “0” instead of a negative number(s) are to provide an explanation of each of these entries in the “Application Narrative” subsection under the “Financial Position” question response box.

Financial Data Inputs for Unregulated Applicants

Background

The following table provides guidance and definitions for entering required Application Financial Data inputs into AMIS for Unregulated Applicants. To ease the use of this appendix, line items are organized in groups (Assets, Liabilities, Net Assets, Income/Revenue, Expenses, Loan Portfolio, Equity Portfolio, and Persistent Poverty County Activities), and appear in the same order as they appear online in the AMIS Application Financial Data inputs page (as opposed to being organized alphabetically).

In instances where the required Application Financial Data inputs have a corresponding definition within Generally Accepted Accounting Principles (GAAP), the definitions are drawn directly from GAAP. In instances where there is no corresponding concept defined in GAAP, the CDFI Fund has provided definitions to aid Applicants in entering the correct Application Financial Data inputs in AMIS.

APPENDIX C: COMPLIANCE EVALUATION QUESTIONS

The following questions are used to calculate an Applicant’s Total Compliance Composite Score in both Base-FA and TA Applications. To produce a Total Compliance Composite Score, the CDFI Fund’s Application Assessment Tool (AAT) uses responses provided by each Applicant in the compliance questions, as well as information in an Applicant’s reporting history, reporting capacity, and performance risk with respect to the CDFI Fund’s Performance Goals and Measures (PG&Ms). The purpose of this evaluation is to ensure Applicants do not have major internal management or compliance concerns.

In addition to the questions listed below, information from the Applicant’s prior PG&Ms (where applicable) will be used as part of the calculation of a Total Compliance Composite Score.

Please note: The below table is provided as a guide for Applicants as you complete the compliance evaluation questions. **The question order will vary for each Applicant** depending upon whether you are a prior or current Award Recipient and your answers to certain evaluation questions.
